

# HOMEOWNERS BEWARE: METER MUTANT IS LURKING!

IS YOUR HOME VULNERABLE  
TO ENERGY MONSTERS?

LOOK FOR THESE FIVE SIGNS THAT  
METER MUTANT IS SPREADING HIS  
ENERGY-WASTING WAYS IN YOUR HOME:

POWER CORDS FOR YOUR ELECTRONICS REMAIN PLUGGED INTO THE WALL EVEN WHEN NOT IN USE

YOUR AIR CONDITIONING AND HEATING REMAINS ON FULL BLAST - EVEN DURING THE DAY WHEN NO ONE IS HOME

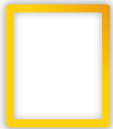

LIGHT BULBS THROUGHOUT YOUR HOME ARE INEFFICIENT INCANDESCENTS, NOT CFLS OR LEDS

YOUR HOME IS CHRONICALLY DRAFTY, LETTING OUTSIDE AIR COME IN AROUND WINDOWS, DOORS AND EVEN OUTLETS

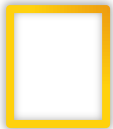

YOUR HVAC AIR FILTER IS FILTHY WITH PET FUR AND DANDER, CAUSING POOR INDOOR AIR QUALITY

# 5

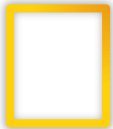

## WAYS TO SAVE ENERGY LIKE SAVER SLEUTH

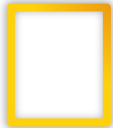

CHANGE LIGHT BULBS TO MORE EFFICIENT CFLS AND LEDS THAT USE UP TO 75 PERCENT LESS ENERGY

REMOVE CHARGERS FROM OUTLETS AND SWITCH OFF IDLE ELECTRONICS WHEN THEY ARE NOT IN USE

HIRE A PROFESSIONAL TO CONDUCT AN ENERGY AUDIT OR GET STARTED WITH A DIY ASSESSMENT

INSTALL AND SET PROGRAMMABLE THERMOSTAT TO RAISE/LOWER TEMPERATURE WHEN AWAY

REPLACE OLD APPLIANCES WITH MORE EFFICIENT ENERGY STAR CERTIFIED APPLIANCES

SAVER SLEUTH  
LOVES TO PUT HER  
CLAWS TO WORK  
TACKLING DIY  
PROJECTS!

# 5

## WAYS TO SAVE ENERGY LIKE VOLTAGE VICTOR

TAKE THE VES HOME ENERGY TEST TO DISCOVER ENERGY AND COST-SAVING OPPORTUNITIES

CAULK AND WEATHERSTRIP DOORS AND WINDOWS TO REDUCE AIR LEAKS THROUGH GAPS AND CRACKS

WRAP WATER HEATER IN AN INSULATION JACKET AND LOWER TEMPERATURE TO 120°F

HIRE A PROFESSIONAL TO ADD INSULATION TO ATTIC FLOOR, UNDER ROOF, CRAWL SPACES OR BASEMENT

ATTACH AN AIR FILTER WHISTLE TO YOUR FURNACE—IT'LL "SING" WHEN FILTER IS DIRTY AND NEEDS A REPLACEMENT

VOLTAGE VICTOR  
SAVES SO MUCH  
ENERGY IT'S  
ALMOST SCARY!
